

TRICKY PEOPLE

HOW DO YOU KNOW IF SOMEONE IS TRYING
TO TAKE ADVANTAGE OF YOU?

Some tricky people try to take advantage of you by convincing you to do something bad in exchange for something you like.

Some tricky people will try to introduce you to older kids so you can do fun stuff even though you could get in trouble.

Some tricky people will scare you into doing what they want by threatening to hurt the people you love, like your family and friends.

Some tricky people may want to make you do something to help your family make money.

10 PLAY IT SAFE RULES FOR KIDS AND ADULTS

I know my name, address, phone number, and parents' names.

I don't have to be polite if someone makes me feel scared or uncomfortable. It's okay to say "no"...even to a grownup.

I must check first with my safe grownup for permission before I go anywhere, change my plans, or get into a car, even if it's with someone I know.

I am the boss of my body!

Everyone's bathing suit areas are private.

I never go anywhere or take anything from someone I don't know.

I don't keep secrets, especially if someone makes me feel scared or uneasy. Adults shouldn't tell kids to keep a secret!

I will always pay attention to my inner voice, especially if I get an "uh-oh" feeling.

Safe grownups don't ask kids for help! (They go to other grownups if they need help.)

If I ever get lost in a public place, I can freeze and yell or go to a mom with kids and ask for help.
